

## Chien-Jang Wu

National Taiwan Normal University, TAIWAN

Chien-Jang Wu is a Full Professor of Institute of Electro-Optical Science and Technology at National Taiwan Normal University (NTNU), Taipei, TAIWAN. He received the B.S. degree in Electronics Engineering, the M.S. degree in Electro-Optical Engineering, and the Ph.D. degree in Solid-State Electronics, all from National Chiao Tung University (NCTU), Hsinchu, Taiwan, in 1985, 1990, and 1996, respectively.

He was briefly with the Department of Physics, National Sun Yat-sen University, Kaohsiung, Taiwan, before joining National Formosa University, Yunlin, Taiwan, in 1997, where he was an Assistant Professor (1997-2000), Associate Professor (2000-2003), and Full Professor (2003-2005). In February of 2005, he joined the Department of Applied Physics, National University of Kaohsiung, Kaohsiung, Taiwan, where he was the Chair from 2006 to 2008.

In February of 2008, he joined the Institute of Electro-Optical Science and Technology, NTNU, where he was the Director of Institute (August 2008-July 2011). He was invited as a Consultant Researcher in the Solid-state Electronics Laboratory, Department of Physics, National Tsinghua University, summer of 2001. His current research interests include electromagnetic/microwave theory, theory of microwave superconductivity with vortex dynamics, and calculation of optical properties of materials, including metamaterials, superconductors, graphenes, and photonic bandgap crystals.

Professor Wu is a Fellow of the Electromagnetics Academy (FEMA) since 2007. He is a member of Optical Society of America (OSA). He became a Member (M) of IEEE in 2001 and of the IEEE Microwave Theory and Techniques Society (IEEE MTT-S).
